

Institute of Environment and Recreation Management

Call for Papers

IERM Convention 2012

Hosted by **UNISA** in partnership with the **City of Tshwane**

The Institute of Environment and Recreation Management will be holding the **2012 IERM Convention** in Pretoria on **20 - 22 August 2012**, hosted by **UNISA** in partnership with the **City of Tshwane**. We invite persons and organisations that wish to present papers, to submit a short synopsis for consideration and inclusion into the programme.

The theme for this year's convention is:

“The Value of Parks and Recreation”

The Council invites papers broadly within the above theme for presentation to the Convention focusing on Park, Recreation and Cemeteries.

Sub- themes:

- Global warming mitigation and COP17 outcomes
- Global key issues
- Management practices
- Challenges in SA within urban and rural settings
- Community developments
- Impact on the community, environment and health
- New technology
- Case studies, your views and possible solutions

Papers based on significant research or practical case study material will be given preference. Commercial content is not permissible, except where a new technology, system or an innovation is introduced.

Commercial papers should indicate that the subject is a new innovation or technology.

Feedback on papers presented at previous IERM Congresses is also welcome. You may also want to propose a paper by someone else whom you believe has a valuable contribution to make.

The IERM Congress Proposal form can be faxed and emailed to the Secretariat, by **30 March 2012**, to fax number 011 789 1385 AND sent via email to charlene@vdw.co.za.
