HOW DO WE APPLY THIS?

● OFF-CUTS OF LAND & MATERIAL

● OUTSIDE: SAFE ACCESS

● OPEN-ENDED...DO NOT DICTATE, CATALYSTS

Did you know
that kids in North America
are forced to sit in class rooms all day.
And if they move around, get excited or
make too much noise, they are given drugs
to keep them quiet. Their main source of
exercise is playing video games, and
most of their food is fake and full
of dangerous chemicals.

That's terrible!
We should take up
donations for them.
