Greening & Open Space Management

Strategic Objectives

- Restoration, enhancing and rehabilitation of open spaces
- Maximize measures towards pollution mitigation
- Improve climate change adaptation through minimization of biodiversity loss
- Encourage use of greener technologies to mitigate against environmental degradation

People & Parks Focus Area

Strategic Objectives

- Biodiversity conserved, protected and threats mitigated.
- Fair access and equitable sharing of benefits from biological resource promoted.
- Biological resources sustainabily utilized and regulated.

March and the state of the stat

 Improved socio-economic benefits within the environmental sector.

Wildlife Economy Focus Area

Strategic Objectives

- Fair access and equitable sharing of benefits arising from bio prospecting involving indigenous biological resources promoted
- Biological resources sustainability utilized and regulated.
- Improved socio-economic benefits within the environmental sector.

and a second and the desired of the second o

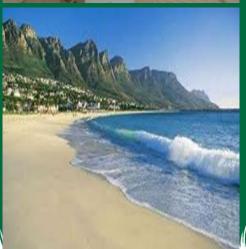

Working for the coast

Strategic Objectives

- Dune belt Management– where there are signs of trampling, erosion etc.
- Implementation of estuary management plans
- Erosion Management in catchments (dongas)

la senta (Maddaddaddada y y y dda)

Working for Land Focus Area

Strategic Objectives

- To restore and rehabilitate degraded land
- To encourage biodiversity
- Curtailing of bush encroachment
 Mitigate Bush Encroachment
- Mitigate loss of top soil which will enhance ecological integrity of the ecosystem
- Encourage better land use practices
- Environmental education and awareness

Working on Waste

Strategic Objectives

- Create support mechanisms for the protection of environmental quality
- Create sustainable livelihoods through recycling of waste (waste collection & minimization)
- Support the use of environmentally friendly waste disposal technology
- Promote environmental education and awareness to the communities especially as they are the main waste generators

Funding Qualification / Criteria

- An application form filled on the EPIP online web-based system.
- The project must fall within the mandate of the department (EPIP Focus Areas).
- The project must be endorsed by the municipality (council resolution or a letter signed by the MM for each project).
- The budget must be more than R2.5 Million.
- An application must not be submitted by an individual for his/her sole benefit i.e. no community involvement, beneficiation and ownership.
- The project must be labour intensive (main objective is not to solely purchase land or assets, training, development of plans)
- Proof of land dedicated for project implementation (where land is required)

Process followed for soliciting projects

STAGE 1

STAGE 2

STAGE 3

SOURCING OF PROJECTS

- Provincial briefing sessions conducted
- Posting of advert in newspapers
- Submission of proposals by owning entities on the EPIP webbased projects management system (PMSII)
 - 3-6 Months

EVALUATION & APPROVAL OF PROJECT PROPOSALS

- Applications received
- Proposals verified
- Proposals evaluated per focus area (7 focus areas)
- Shortlisted projects recommended projects
- Approval of projects by the DG
- Letters issued to project proponents, Districts, Province
- Owning entity MoAs issued
- 3 6 Months
